

Anbefalinger til dele: Spring til tegningen

Med vores sidste udgivelse implementerede vi reservedelsanbefalingsmodalen i reservedelskataloget. For at gøre det endnu nemmere at identificere de dele, der foreslås til dig, har vi linket tegningen. Hvis du klikker på det understregede navn på en del, vil du blive navigeret til den tilsvarende undergruppe og tegning i kataloget. Den valgte del er fremhævet.

Reservedelskampagne på landingsside

For at placere din forhandlers reservedelskampagner endnu mere fremtrædende vises de nu direkte over køretøjslisten. Det betyder, at du umiddelbart efter at have logget ind på B2B Connect kan se, om din forhandler kører en kampagne med nedsatte priser til dig. Forhandleren har også mulighed for at informere dig om andre kampagner. For at kunne se oplysningerne skal du vælge den relevante forhandler.

The screenshot shows the Mercedes-Benz B2B Connect interface. At the top, there is a navigation bar with the Mercedes-Benz logo, 'Product information', 'Need help?', 'Standardised navigation', 'Provider / Data privacy', 'EN', a search bar, and a 'Log out (B2B Testuse...)' link. Below this is a header area with 'Mercedes-Benz B2B Connect' on the left, a user profile 'Autohaus Arnold GmbH' with a dropdown arrow, and a 'Basket (84 items)' on the right. A large blue oval highlights a banner for 'Neue Promo-Aktion' with the text 'Sparen Sie mit uns.' and a 'Neue Promo-Aktion' button. Below the banner is a search bar with the placeholder text 'Search for VIN, model, license plate or customer name and hit enter' and a 'Search' button. The main content area shows a list of vehicles with filters: 'All (relevance)', 'Upcoming service', 'Recent orders', 'Recall', 'Customer service measures', 'Last opened', and 'To be deleted'. Three vehicles are listed:
