

How-To Video Library

For offering you even more help about how to use B2B Connect and its features properly, we integrated the how-to video library to our help section.

You can find 24 videos of the most valuable features now in B2B Connect explaining its functionality.

We will add videos regularly.

It's worth a look from time to time to understand easily how these features function.

XENTRY Diagnosis Kit 5

The successor of XENTRY Diagnosis Kit 4 – XENTRY Diagnosis Kit 5 – will set new standards for efficiency, reliability and future readiness in the Mercedes-Benz workshop.

XENTRY Diagnosis Kit 5 will be available soon:
You can order it starting January 12, 2026.

XENTRY DIAGNOSIS KIT 5

SMARTER.
TOUGHER.
FASTER.

DSB Summary & Confirmation

Before completing a DSB entry, we now show in B2B Connect an overview of the filled out formular. You are now able to check your entries about correctness before persisting the service documentation. Please be aware, that changes on DSB entries can only be done a few weeks after the first saving. Afterwards, you need to create a Support ticket.

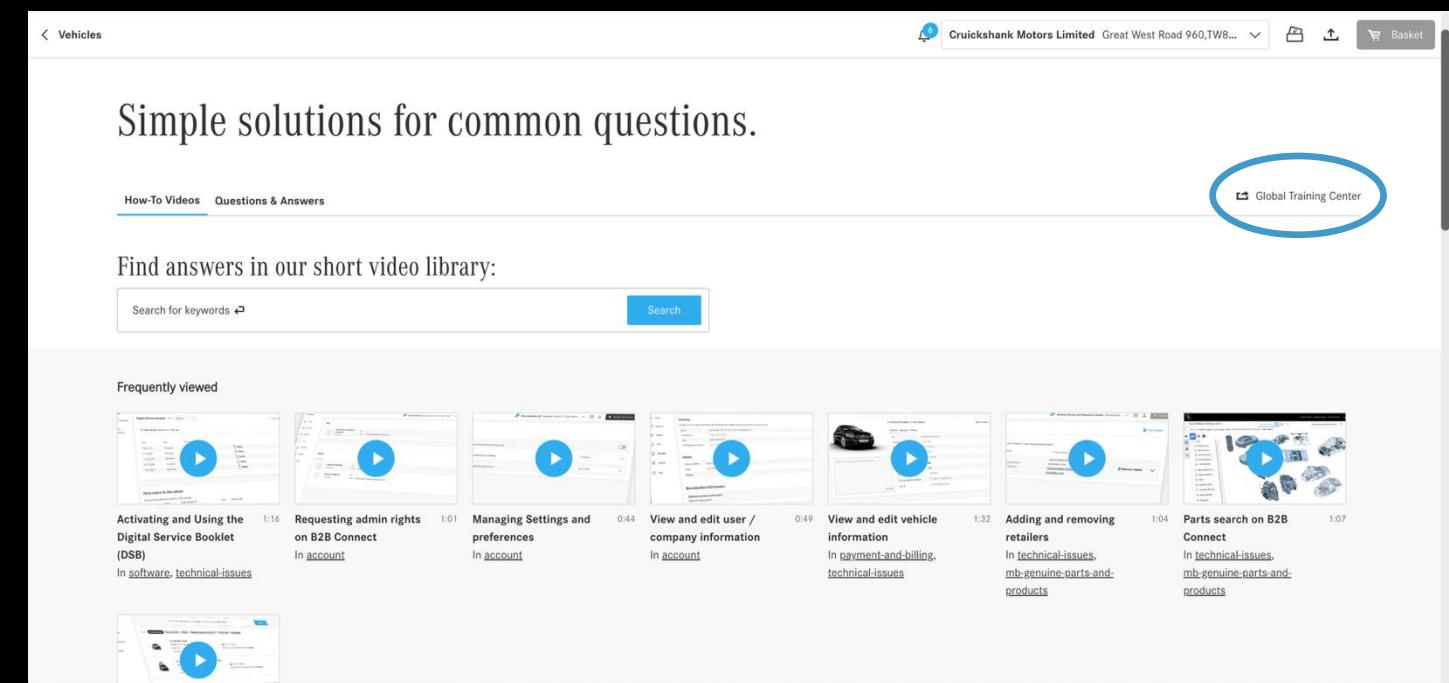

The screenshot shows a service entry summary for 'Service A'. At the top, a message says 'Please verify your entries.' with a note: 'If you need to change any of the data you have entered at a later date, you must create a ticket.' Below this, the service details are listed:

Service A	
Details	
Date	09.01.2026
Workshop code	505
Workshop	-
Notes	
Internal	Vehicle contains optional performance parts.
For the customer	Brake replacement on next service recommended.
Additional work	
Oil change	
Type	Quality
Next service: Delayed (since 1575 days)	

At the bottom, there are buttons for 'Edit entries', 'Save and export', and 'Submit'.

Mercedes-Benz Global Training Center

We now integrated a page regarding Mercedes-Benz Global training center. Here, you will find important information about B2BConnect info-sessions and links to official Mercedes-Benz trainings.
It's worth a look!

Simple solutions for common questions.
