

Nuovo carrello della spesa

- Abbiamo ridisegnato il carrello della spesa per rendere l'ordinazione ancora più semplice.
- La presentazione è ora più chiara e tutti gli articoli possono essere ordinati in un unico passaggio, indipendentemente dal fatto che si tratti di parti di veicoli diversi o di rivenditori diversi. Singoli articoli, rivenditori o veicoli possono essere deselezionati in modo flessibile e quindi esclusi dal processo di ordinazione.
- Le parti non come strumenti diagnostici, prodotti digitali o attrezzature possono ora essere trovate raggruppate e ordinate in modo chiaro nella nuova scheda "Forniture per officina".
