

# Parts recommendations: Jump to the drawing

With our last release, we implemented the parts recommendation modal in the parts catalogue. To make it even easier to identify the parts that are suggested to you, we have linked the drawing. If you click on the underlined name of a part, you will be navigated to the corresponding subgroup and drawing in the catalogue. The selected part is highlighted.

# Parts campaign on landing page

To place your dealer's parts campaigns even more prominently, they are now displayed directly above the vehicle list. This means you can see immediately after logging in to B2B Connect whether your dealer is running a campaign with discounted prices for you. The dealer also has the option of informing you about other campaigns. To be able to see the information, you must select the relevant dealer.

The screenshot displays the Mercedes-Benz B2B Connect interface. At the top, there is a navigation bar with the Mercedes-Benz logo, 'Product information', and various utility links. Below this, the user's name 'Autobaus Arnold GmbH' and location are shown. A prominent blue banner for 'Neue Promo-Aktion' (New Promotion) is highlighted with a blue oval, featuring the text 'Sparen Sie mit uns.' and a 'Neue Promo-Aktion' button. Below the banner is a search bar with the placeholder text 'Search for VIN, model, license plate or customer name and hit enter'. The main content area shows a list of vehicles with filters like 'All (relevance)', 'Upcoming service', etc. Three vehicles are listed:

Vehicle Model	VIN	Service Status	Actions
C 250 BlueTEC Sedan / C 250 d Sedan	WDD2050081F104441	Service delayed since 1640 days	Order parts, Order placed View, Customer service measures View, Repair And Maintenance Access
V 250EAV/K 4X2 3200	WDF44781113089970	Service delayed since 1353 days	Order parts, Repair And Maintenance Access
216 DOKA 4X2 3250	WDB9062111N667097	Service delayed since 605 days	Order parts, Repair And Maintenance Access

# XENTRY Tips with VIN

If you open XENTRY Tips via the 'Work on vehicle' page, the VIN is transmitted directly. This allows you to continue working directly in the vehicle context in XENTRY Tips.

The screenshot displays the Mercedes-Benz XENTRY Tips interface. At the top, there is a navigation bar with the Mercedes-Benz logo, 'Mercedes-Benz', 'Product information', 'Need help?', 'Standardised navigation', 'Provider / Data privacy', 'EN', a search bar, and a 'Log out (B2B Testuse...)' link. Below this, a breadcrumb trail shows 'Vehicles' and a dropdown menu for 'Autohaus Arnold GmbH' with the address 'Hauptstraße 100,84088,Neufa...'. A shopping cart icon indicates 'Basket (84 items)'. The main content area is titled 'XENTRY Tips' and features a grid of four cards:

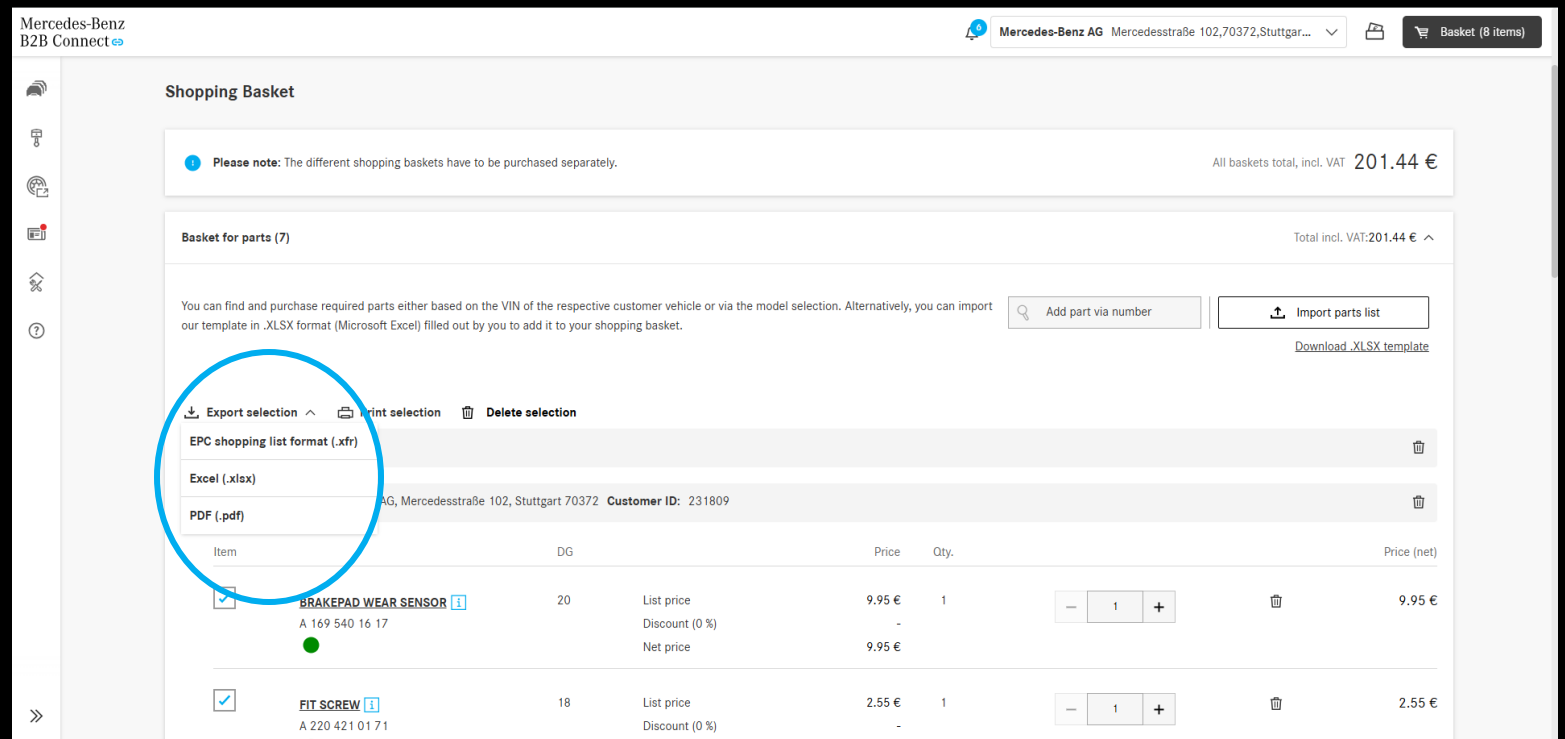

- Blue card:** 'Huge knowledge database for vehicle related technical solutions.' with a globe icon.
- Grey card:** 'Symptom-based search for solutions.' with a magnifying glass icon.
- Grey card:** 'Up-to-date solution proposals from the manufacturer.'
- Image card:** A photo of a woman in a blue shirt looking at a tablet next to a car, with the text 'Also for mobile devices.'

On the right side of the interface, there is a filter panel with the following options:

- Vehicle division:** Radio buttons for 'Passenger Cars', 'Vans', and 'smart'. Below them, it says 'Incl. Van & smart'.
- Time period:** Radio buttons for '1 hour', '1 day', '1 week', '1 month', and '1 year'.
- User:** A dropdown menu labeled 'User\*'.
- Buttons:** A minus sign '-' and an 'Add to basket' button.

# Export of the basket

It is now possible to export the parts shopping basket in B2B Connect. The available formats are PDF, XLSX and XFR. All parts that have been selected are always exported. If a part is not ticked, it will not appear in the export.

The screenshot displays the Mercedes-Benz B2B Connect Shopping Basket interface. At the top, the page title is "Shopping Basket" and the total amount is "All baskets total, incl. VAT 201.44 €". A note states: "Please note: The different shopping baskets have to be purchased separately." Below this, there is a section for "Basket for parts (7)" with a total of "Total incl. VAT: 201.44 €".

The interface provides instructions on how to find and purchase parts, along with buttons for "Add part via number" and "Import parts list". A link to "Download .XLSX template" is also present.

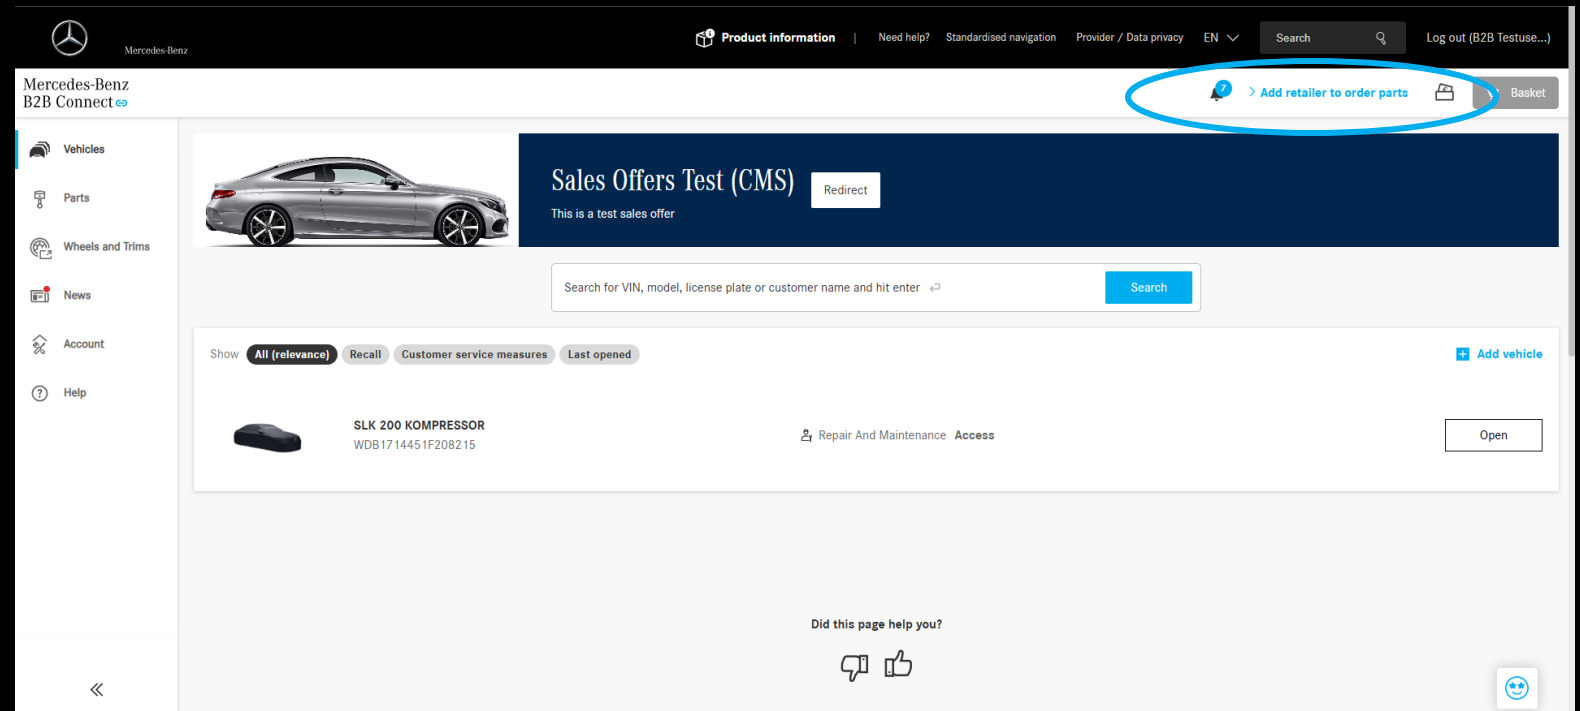

Below the instructions, there are three export options: "EPC shopping list format (.xfr)", "Excel (.xlsx)", and "PDF (.pdf)". These options are circled in blue. The "Export selection" button is also visible.

The main part of the interface is a table of items. The table has columns for "Item", "DG", "Price", "Qty.", and "Price (net)". Two items are listed:

Item	DG	Price	Qty.	Price (net)
<input checked="" type="checkbox"/> BRAKEPAD WEAR SENSOR A 169 540 16 17	20	List price: 9.95 € Discount (0 %): - Net price: 9.95 €	1	9.95 €
<input checked="" type="checkbox"/> FIT SCREW A 220 421 01 71	18	List price: 2.55 € Discount (0 %): -	1	2.55 €

# Simplified dealer selection

If you do not yet have a retailer relationship in B2B Connect, you can select your desired retailer directly via the header. For users with an existing retailer relationship, the selection for additional retailers remains available under Account > Retailer.

The screenshot displays the Mercedes-Benz B2B Connect website interface. The top navigation bar includes the Mercedes-Benz logo, "Mercedes-Benz B2B Connect", and links for "Product information", "Need help?", "Standardised navigation", "Provider / Data privacy", "EN", "Search", and "Log out (B2B Testuse...)". A blue circle highlights the "Add retailer to order parts" button in the header. The main content area features a "Sales Offers Test (CMS)" banner with a "Redirect" button and a search bar. Below the search bar, there are filters for "All (relevance)", "Recall", "Customer service measures", and "Last opened". A table lists a vehicle: "SLK 200 KOMPRESSOR" with VIN "WDB1714451F208215" and a "Repair And Maintenance Access" link. The bottom of the page includes a feedback section with the text "Did this page help you?" and thumbs up/down icons.

# DSB headlamp check

In the service entry for Service A, B or an intermediate service, the headlamp check is now a separately listed activity. If you have performed this, you must tick the corresponding checkbox in the DSB.

Start your service documentation:

Please note: Finish all work on the vehicle first so that you can fill out the form without interruptions.

# Promotion Video on public landing page

As you probably already saw when you logged in, a promo video has been integrated into the public homepage of B2B Connect. The video appeals to interested parties and new users of B2B Connect.
